It is the responsibility of the builder to assure that all work is in accordance with the latest edition of all applicable National, State, and Local Building Codes. It is the responsibility of the builder to check all dimension and details for overall accuracy appropriate to the local on site conditions. The draftsman is not an architectural firm and attends all dimensions, structure, and construction details. Every effort has been made to ensure all dimensions are correct and construction details have been clearly defined. If an omission does occur it is the sole responsibility of the contractor to correct the error and not the responsibility of the draftsman. This plan has been prepared for the contractor and the draftsman has no knowledge of, or is responsible for, any copy right infringement. The contractor takes sole responsibility for everything on this plan.
